SUMMARY:
The Department of Computer Science, founded in the Faculty of Arts and Science in 1980, is one of four departments in the Faculty of Engineering and offers a variety of undergraduate and graduate degree programs.

Reporting to the Administrative Officer and the Chair, the Assistant to the Chair provides administrative support to the Chair of Computer Science and manages the day to day operations of the Department. This position is responsible for the training and supervision of three departmental support staff.

The Assistant to the Chair is responsible for but not limited to: Plans and coordinates all administrative activities in the departmental office; arranges meetings including the annual Western Chairs’ Meeting; arranges departmental meetings, prepares the agenda and takes minutes; prepares and edits internal and external correspondence as well as many administrative forms; responds to a high volume of enquiries from all levels of university administrative staff, government agencies, the general public and, in some cases the media; provides confidential administrative support for the search and recruitment of new faculty as well as reappointments, promotions, and tenure cases for faculty; prepares appointment forms for all faculty, staff, sessional and research staff; monitors e-mail system shared by the Chair and consults with the Chair as necessary on what action is to be taken; maintains the Chair’s calendar; maintains the departmental filing system and facilitates archiving or disposal as per Records Retention and Freedom of Information guidelines; monitors and reconciles departmental accounts for budget purposes; responds to a wide variety of requests for administrative support on the appointment of research staff; provides advice on FAST and budget; reconciles department accounts; internal and external research grants including NSERC and other duties in similar scope and complexity.

In addition to requiring comprehensive knowledge of departmental and university guidelines, policies and procedures, the department expects the incumbent to problem solve and to make decisions within their area of responsibility before taking it to the next level as well as providing a high-level of client service in a fast paced environment with many interruptions. This position provides back-up coverage for the Administrative Officer’s accounting duties in their absence.
